A sophisticated ranch with an emphasis on grand living spaces. The property has been thoughtfully updated by the current owner. Located in a prime Southside neighborhood with convenient access to main commuter routes. A well lit, chef friendly contemporary kitchen boasts a large dining nook with an adjoining spacious pantry/laundry room. The great room with a substantial bow window, fireplace and stunning cove ceiling is accented with custom millwork and handsome built-ins. The spacious foyer leads to an open living room with a large picture window, a fireplace and built-in cabinetry. The party sized dining room has high ceilings and abundant windows that overlook the private back yard. French doors lead to an oversized deck. The master suite and two additional bedrooms and bathroom complete the first floor. The lower level provides additional bedrooms for guests/in-laws with their separate living space. A unique feature is the fabulous garage with room for five cars including a lift.
